On 2020/10/02 Mr Alexander Roger Glover was formally instructed to deal with the administration of both the estates. Copies of both wills attached.

A57- Alexander Roger Glover

He is an attorney and on 2020/09/30 he received instructions for FNB Fiduciary to assist with the administration of the estate of late MH Mushtapha and estate late LJ Mustapha, as FNB raised some concerns regarding the estates. He received the documentation and arranged a meeting with Zaheera Boomgaard, the sole heir of the estate late LJ Mustapha.

On 2020/10/05 het met with Ms Boomgaard, in the presence of Yvette Ramsunder, employee of FNB Fiduciary. Due to the fact that concerns were raised, the recorded the entire meeting and a transcript will be made available. ***(see A68 – transcription of recorded meeting)***

During the meeting Zaheera advised that she and Marlene (MH) Musthapa were the beneficiaries to the estate of Marlene's bother, Tony. When he died she only had a copy of his will, but they were unable to trace the original of the will and she then decided to let his estate be handled as intestate. She promised to forward a copy to FNB. (the next day she sent a mail that she was unable to trace the copy)

He examined the different copies of the wills of Marlene and noticed that the signatures on her wills dated 2002/02/13 + 2013/08/30 differs to the signatures on the will dated 2020/06/25 + 2020/06/26.

The signatures of the witnesses on the will of 2020/06/25 differs from the signatures on the will of 2020/06/26, although they were the same people. Even the ID number of the one witness, Ramdew Basdeo, differs on the two wills.

A screen shot from the FNB Will's Drafting Centre reveals that the will dated 2020/06 25 was only drafted on 2020/08/24. Zaheera handed the original wills of MH Mustapha and LJ Murstapha to Yvette Ramsunder on 2020/09/10.

After considering the late LJ Mustapha's signature on the FNB Cardholder Information and Agreement document, it was clear that it differs from the will of the late LJ Mustapha dated 2019/05/15.

He is convinced that some of the signature on the aforementioned will have been forged.(The wills are attached to the statement)
